

As the taking attorney (or session owner), you have the ability to pass the taking attorney role to other eDepoze Members (Co-Counsel or Opposing Counsel who have eDepoze memberships). This action allows the other attorneys to introduce their documents electronically during the deposition.

- 1 To **PASS THE ROLL** open the attendee pane on the right hand side and select the person you wish to make the leader of the session.

- 2 In the chat window select **PASS ROLL** then select "Pass the Role" in the popup window to complete the process. The member you pass the roll too will receive a message "You are the leader now!"

- 3 As the session owner, you can **REVOKE THE ROLE** which will return to your role as the leader. Just follow the steps above and select **REVOKE THE ROLE** from the chat window.
